

**MHOT · ZHUJI YANGDA AUTO MAINTENANCE
TOOLS**

ZHUJI YANGDA AUTO MAINTENANCE TOOLS CO.

How MHOT builds, tests and documents the tools it ships.

Edition

2026 · English

System

ISO 9001 certified

Declarations

RoHS / REACH on request

QUALITY & COMPLIANCE

ISO 9001

certified quality management
system

IATF 16949

aligned process controls

100%

final inspection and function test

Five checks before anything ships

- Incoming goods: brass bodies, hoses and cases checked against the drawing
- In-process: thread gauge and hose pull test at assembly
- Assembly: vacuum and pressure leak test of every kit
- Final: completeness of the case contents against the bill of materials
- Packing: carton marking, quantity and lot number before the container closes

Declarations

ROHS and REACH statements for contact materials, dimensional reports and lot records are available per order. Certificates issued to our quality system are shared on request — write to mhot-tools@outlook.com.
